- FR**
Doit être posé sur du béton et fixé à un mur en béton nivelé.
Pour la fixation au mur, nous recommandons des vis d'ancrage à expansion M8 pour les fortes charges. Assurez-vous que le matériel de fixation utilisé est l'adéquat pour le type de surface à fixer. En cas de doute, contactez un spécialiste.
- EN**
Should be laid on concrete and fixed to a leveled concrete wall.
For wall anchoring we recommend using M8 heavy-duty wedge anchors. Make sure to use the appropriate hardware for the surfaces you're fixing it to. In case of doubt, please contact an expert.
- DE**
Er muss auf Beton gesetzt und an einer ebenen Betonwand befestigt werden.
Für die Wandbefestigung empfehlen wir die Verwendung von M8-Schwerlast-Keildübel. Vergewissern Sie sich, dass Sie das richtige Befestigungsmaterial für die Art des Untergrunds verwenden, an dem Sie den Pfosten befestigen. Im Zweifelsfall wenden Sie sich bitte an einen Fachmann.
- NL**
Moet op beton worden gelegd en aan een vlakke betonnen muur worden bevestigd.
Voor wandverankering adviseren wij het gebruik van M8 heavy-duty wigankers. Zorg ervoor dat u de juiste hardware gebruikt voor de oppervlakken waarop u het bevestigt. Neem bij twijfel contact op met een deskundige.

- PT**
Deve ser assente sobre chão de betão e fixo numa parede de betão aprumada.
Para fixação à parede recomendamos buchas de ancoragem de expansão M8 para cargas elevadas. Certifique-se que está a usar o material de fixação correto para o tipo de superfícies a que está a fixar. Em caso de dúvida, contacte um profissional.
- ES**
Debe colocarse sobre hormigón y fijarse a una pared de hormigón nivelada.
Para fijación en la pared recomendamos tacos de anclaje de expansión M8 para cargas elevadas. Asegúrese de estar utilizando el material de fijación correcto para el tipo de superficies a las que se está adhiriendo. En caso de duda contactar un especialista.
- IT**
Dovrebbe essere posato su cemento e fissato a un muro di cemento livellato.
Per l'ancoraggio a parete si consiglia di utilizzare ancoraggi a cuneo per carichi pesanti M8. Assicurate di utilizzare l'hardware appropriato per le superfici su cui lo stai fissando. In caso di dubbio, si prega di contattare un esperto.
